

To Whom It May Concern,

Please do allow the CBA to impose the federal “established business relationship” exemption on Indiana consumers. I do not want any of the establishments that I currently do business with calling me to inquire about other business opportunities with them. If I have further need to do business with them, I will contact them. Prior to the Indiana’s Telephone Privacy law coming into effect, I was receiving between 5 and 10 of these calls per day! This is not an exaggeration. On several occasions, the person on the other line was hostile even though I was patient and kind in my refusal. Considering all of the events and life tasks that I and many other Indiana residents deal with on a daily basis, more of these harassing calls should not be added to our list. I hope you will refuse the petition for amendment of this law.

Thank you for your consideration in this matter,  
Laila Rayes-Schafer
